

Service Information

VoIPcloud provides SIP trunk services that allow businesses to connect their on-premise phone system via the internet to make and receive calls.

Included features

A full feature set is included. VoIPcloud's SIP trunk service is part of the Hosted PBX system, which enables unique features to be configured. We constantly expand our feature set, view the complete feature list [here](#). Customers have access to an online portal where they can configure their SIP trunk service including automatic failover to alternative destinations and check usage information.

Limitations

- Service requires an active internet connection and an on-premise telephone system to be supplied by you (usually your existing legacy system)
- SIP trunk service quality is dependent on the quality and stability of your internet connection.
- VoIPcloud does not provide access to Premium call services such as 1900 numbers.
- Caller ID cannot be guaranteed to international destinations.
- Accounts running in trial mode have certain [service limitations](#) to maintain system integrity.

Pricing and Billing Information

All pricing is in AUD and includes GST.

Call plans	SIP Line PAYG	SIP Line X	SIP Line MAX	SIP Line Unlimited*	SIP Line Unlimited Plus*
Monthly fee per inbound/outbound channel	\$1.50	\$1.50	\$21.50	\$29.95	\$37.95

International call rates	Varies#	Varies#	Varies#	Varies#	Varies and Unlimited 50+ countries*#
Included value	-	-	\$20 included call value to Australian destinations, 1300 & 13 numbers^	-	-

*All call plans and services are subject to our [fair use policy](#).

^Outbound calls placed to Australian destinations outside of included value are charged in one-second increments.

#Check international call rates and any free destinations for each call plan in the customer portal under billing > rates search.

SIP trunks and channels

The number of inbound channels you have equals the number of inbound simultaneous calls that can be achieved. The number of outbound channels you have equals the number of outbound simultaneous calls that can be achieved.

Call diversions

Diversions from a SIP Trunk object (your on-premise PBX) are charged per the outbound call rate for the SIP Trunk's selected call plan.

Advanced features

[Fax-to-email](#) is \$9.00 per fax-to-email PBX object per month.

[Integrations](#) (CRM, API, Webhooks, Zapier) are \$4.40 per user per month. All integration features are activated with one subscription for the entire account, with pricing calculated automatically based on user count. [Call recording storage plans](#) can be selected for your call recordings, with subscriptions paid monthly or pay-as-you-go.

[Outbound SMS plans](#) can be selected for SMS-enabled phone numbers, with subscriptions paid monthly or pay-as-you-go.

Additional pricing information

Minimum term: one month. Call plans have rounding of three decimal places, no flag fall or minimum call costs, no exit fees or early termination fees, and no set-up fees with no requirement to bundle anything with this service. If included call or call recording storage value is fully used within a calendar month, excess usage charges will apply. Any unused value does not roll over to the next month. Porting fees are included on number porting forms. If a number is removed or cancelled from your account, reactivation may incur a fee. Contact support to request reactivation, and they'll confirm any charges before proceeding.

International destinations

[International rates](#) and free calls to 50+ countries may change without notice. Calls are billed in 60-second increments. You can check the latest call rates and any free destinations for each call plan in the customer portal under billing > rates search. To protect against fraud, we block certain [high-risk international destinations](#). If you need access to a blocked destination, please contact our support team.

Customer Service Information

Our Australian-based team can help you with technical support, account or sales questions. Give us a call at 03 906 77700, or email us at support@au.voipcloud.online. Support hours are listed on our website.

Complaints

If you are unhappy with your service, you can follow our dispute resolution process [here](#).

Telecommunications Industry Ombudsman (TIO)

We encourage you to always contact us first, we will do our best to resolve this on the first contact. If you wish to contact the TIO. You reach them by phone at 1800 062 058, fax at 1800 630 614 or online [here](#).

Billing information

Services are supplied on a prepaid basis by default. New monthly subscription services are charged to the account balance on a pro-rata basis from the service start date till the end of the month. After this, your monthly subscription is charged at the start of each month. Call charges that are not included in or unlimited are charged to the account balance at the end of each call, making it possible for the account balance to go negative or below the assigned credit limit. Services unsubscribed during a billing period are non-refundable. We recommend setting up automatic payments via our customer portal. Pre-paid billing requires you to maintain a positive account balance at all times, the service will be restricted automatically if you fail to maintain a positive account balance. Post-paid billing is available on request at the discretion of VoIPcloud. We invoice you at the start of each month and provide 14-day payment terms. A security deposit equal to one month's usage is required; if subscriptions and call charges increase over time VoIPcloud may request an increased security deposit to extend your post-paid billing credit limit. Non-payment and service suspension charges apply to post-paid billing accounts only. If your bill is overdue for over 7 days your account will be charged a \$15.00 late payment fee. If your bill is overdue for over 30 days your account will be suspended and if your account is restored a \$50.00 suspension fee upon restoration.

This CIS is a summary only, valid as of April 2025.
